DEFINITION OF AN AREA SERVICE

An Area Service Committee (*ASC*) is a committee made up of representatives from groups (GSRs) within a designated area, executive committee and subcommittee chairpersons, which meets monthly for the express purpose of serving the specific needs of its member's groups.

The most important service that an ASC provides is that of its groups' needs. Whenever a group has a specific situation or need, which it has not been able to handle on its own, it can come to its Area Service Committee for help. These situations are almost limitless in scope, however, we have learned that we can get much accomplished when we work together.

An ASC performs other functions that are of help to the groups. It can help groups get started or give aid to floundering groups. It may hold workshops or seminars to train trusted servants. The point is that an ASC handles whatever functions are necessary or helpful to its groups.

In order to provide these services, an ASC needs the active participation of its GSRs. A group supports its Area Service Committee both financially and emotionally. It takes money to provide these services. It is a group's responsibility to offer this support. However, as an Area grows, the financial needs of the committee also grow. In order to provide a full line of services, it requires a steady reliable flow of money. Some areas provide these funds through activities. These alternate sources of financial support are helpful, but the bulk of the responsibility still falls on the members of a group.

INTRODUCTION

While the structure and operation of ASCs varies considerably throughout the Fellowship, there are some general characteristics that hold true in every case. These characteristics are born from experience. From these observations, we derive spiritual goals, which we strive toward in area service. Understanding the characteristics and goals of an ASC is what fosters spiritual unity and decision making to be guided by what works--"addicts helping addicts."

1. An ASC should adopt the 12 Traditions then create guidelines for its operation. The guidelines can and should change as the ASC grows.
2. ASCs must make decisions, but do not have power or control over N.A. groups. ASCs can quickly stray from their purpose by attempting to "police" groups or otherwise control them. In producing meeting lists for an area, decisions must be made about which meetings to list. There are many ways to approach this, but all approaches must be based upon sound principles and conform with the purpose of the meeting list. "Punitive" motives are unacceptable in Narcotics Anonymous.
3. An ASC can and should be the place where ALL of the following are in evidence; a collective expression of: The Group's Conscience, Spiritual Needs and Strengths of Groups, Recovery, Insight, Experience, Wisdom, A Loving God (Tradition Two).
4. The trusted servants of the ASC have rights associated with their specific task. With each right, there is a responsibility. In selecting trusted servants, we have a spiritual responsibility. If we place someone in a service position that does not have a working knowledge of the 12 Steps and 12 Traditions, then we all bear some responsibility for what happens.

5. The tragedies of service can be avoided by working our programs, being responsible in electing people, and requiring accountability. Over-commitment, resentments, disservice, and return to using are the tragedies of service, which occur all too often. Pride and power can lead to self-centered leadership, which harms newcomers and old-timers alike by detracting from the atmosphere of recovery.
6. The rewards of service are not praise, recognition, or ego. In terms of rewards, we look to the spiritual rewards. Each of us strengthens our own recovery so that we can contribute to services, which help the group make recovery available to any addict seeking it. Still suffering addicts are attracted to our groups, enter recovery, and eventually may join our service efforts. This is why we are here, so that our own recovery helps another addict. Along the way, we benefit individually, and other members, and potential members do also.
7. The trusted servants, especially the RCMs and GSR's, are often called upon to explain or confront issues. In order to do so, they must provide and possess an understanding of the communication process between group, area, region, and world services. These trusted servants must have the ability to present this type of information repeatedly to different people in different settings. This contributes directly to unity, growth, and stability of those being served.

GUIDELINES FOR AREA SERVICE INVENTORY

"N.A. ought never be organized, but we may create service boards or committees directly responsible to those they serve."

The Heartland Area Service Committee exists to carry the message of recovery in accordance with the principles of this tradition. Service committees, like individuals, often vary in personality. Some grow and thrive, while others struggle to survive, and some even fail. As individual members, we are advised to use our 4th Step as a tool of recovery. Similarly, a service inventory might help the HASC keep things on track. As individuals take their own inventories even when things are going well, an Area should also review itself periodically. An HASC service inventory, much like an individual inventory, should reflect both the strengths and weaknesses of its' services and trusted servants, growing pains, suggestions for improvement, and its' adherence to the 12 Traditions of N.A. Emphasis should be given overall to how the HASC is performing its' responsibilities to the Area it serves. We are a spiritual fellowship. The function of the HASC is to allow the message of recovery to be carried through the services we provide. When we respect each other, even though

we might disagree, and adhere to the principles stated in each of our Traditions, we are a unified entity serving the Fellowship of N.A. within the Heartland Area.

Generally, the inventory can be broken into two (2) parts and might include some of the following questions:

1. How did I, as a trusted servant, do in the performance of my duties?
 - a. Do I show up?
 - b. Do I know what I am supposed to do? If not, have I consulted the HASC Guidelines, the Guide to Local Services, or the person who held this position before me?
 - c. Do I do what I am supposed to do?
 - d. Do I represent my group's conscience?
 - e. Do I keep my group (subcommittee or Area) informed about the Area, Region and World?
2. How did the HASC do in performance of its functions?
 - a. As a representative of a meeting or subcommittee, do I feel confident that the HASC will help my meeting or committee resolve any problems it may face?
 - b. Do the HASC subcommittees serve the needs of my meeting?
 - c. Is my group's conscience being sought and heard when matters arise, which affected my meeting or N.A. as a whole?
 - d. Does the HASC remember our 12th Tradition and "place principles before personalities"?

PARLIAMENTARY PROCEDURES

MAIN MOTION: A main motion is a motion whose introduction brings business before the HASC. Such a motion can only be made when no other motion is pending.

AMENDMENTS: An amendment is a motion to modify the wording and within certain limits the meaning of a pending motion before the pending motion itself is acted upon. An amendment must in some way involve the same question that is raised by the motion to which it is applied. An amendment cannot introduce an independent motion. An amendment is debatable only if the motion to be amended is debatable.

MOTIONS TO TABLE: A motion to table may be applied only to a main motion that is pending. At the time a motion to table is made, intent is to be given. The motion to table is in order for:

- a. To get further information.
- b. More pressing business to be dealt with.

A motion that is tabled remains on the table until taken up by the HASC by a motion to do so, or until the next HASC meeting when it will be brought up by the executive committee under Old business. This motion is not intended to kill a main motion or suppress debate on it.

MOTIONS TO REFER TO COMMITTEE: When a motion to refer to committee is made, it is to send an item of business to a relatively small group of selected persons, a committee, so that a question may be carefully investigated and put into better condition for the HASC to consider. Unless specified, the committee will bring up the issue at the next HASC meeting. Debate on a motion to refer to committee will be limited to one pro and one con, and the debate will pertain only to the desirability of committing the motion or the instructions to the committee, and not to the merits of the main motion. If passed, there will be two pros and two cons on the original motion so as to obtain information to give direction to the committee.

MOTIONS TO RECONSIDER: A motion to reconsider is meant to bring an item that has already been dealt with back onto the floor. This is used to permit the correction of hasty, ill-advised, or erroneous action, or to take into account new information or situations not considered when taking the original vote. Since this motion is not to be used for rehashing motions where an individual or minority were not pleased with the outcome, this motion can only be made by a GSR who voted on the prevailing side or a member who spoke in debate to the prevailing side of the motion. After the end of the next HASC meeting it would no longer be in order to reconsider a motion. You may not reconsider a motion more than once.

UNANIMOUS CONSENT: That is a method that allows the HASC to move quickly through routine business or questions of little importance. This is a less formal way of handling business and is an alternative to taking a vote on a motion. If the Chairperson senses no opposition to a motion he/she will state that the motion is carried by unanimous consent unless there is an objection. If there is no objection to this, the minutes will reflect that all of the voting members were in favor. If a member objects to this, the matter will go to a vote as prescribed for the motion.

WITHDRAW OR MODIFY: A request to withdraw or modify may be made by the maker of the original motion upon his/her acceptance of a suggestion from another member. After the motion is made, it belongs to the HASC as a whole and the maker must request the HASC's permission. The Chairperson treats this as a unanimous consent matter, that is, if no one objects to this, the request is granted. If there is an objection, the Chairperson automatically puts the request to a vote, which is not debatable.

MOTION TO CALL THE VOTE: A motion to call the vote must be seconded and allows for only one pro and one con. A 2/3 majority is required to adopt this motion. The intent of this motion is to bring the original motion to a vote without any further amendment or debate. This motion is not to be made to suppress information, but rather to expedite the proceedings.

POINT OF INFORMATION: A point of information is a question directed to the Chairperson to obtain information concerning parliamentary procedure or the motion that is pending. This allows a member to ask a question and it is not to make a statement or give information.

POINT OF ORDER: When a member feels that the rules, policy or guidelines of the HASC are not being adhered to, he/she can make a "Point of Order" which in effect is asking the Chairperson to make a determination of whether or not the procedure the member is pointing out is in fact being violated. A point of order is not a method in which to dispute the accuracy or validity of another member's remarks, but instead is to bring to the attention of the chairperson that a member feels that the proper procedure is not being followed.

SUSPEND THE RULES: A motion to suspend the rules is made when a member of the HASC would like to waive a certain HASC procedure. The motion will include the rule to be suspended and the length of time it shall be suspended. The motion requires a second and a 2/3 majority.

APPEAL THE DECISION OF THE CHAIR: By electing the HASC Chairperson the HASC delegates to him/her the authority and duty to make necessary rulings on questions of parliamentary procedure. Any two members have the right to appeal his/her decision on such a question. By one member making the appeal and another seconding it, the question is taken from the Chairperson and given to the HASC for final decision. Debate will be limited to one pro by the maker of the motion, and one con by the Chairperson limited to one minute each.

HASC Theft of NA Funds Guidelines

- (This Policy is an adaptation of the Theft of NA Funds Bulletin available at the HASC or from NA World Services)
- Substantial donations are contributed by the NA Fellowship every year. These funds are given by NA members who trust that it will somehow help other addicts get clean. While this money is precious, the member's trust is even more so. We need to keep the image that one member and that one donation in mind whenever we make decisions about handling NA's money.
- The Heartland ASC has adapted this Policy to fulfill its duty of accountability and responsibility to its Groups and the members of NA.
- We utilize a process that is both responsible and spiritual, taking steps of increasing severity should they prove necessary. First, a thorough review of all books and financial records should be conducted to make sure the funds were actually misappropriated. How much? By whom? What failing in the accounting procedures and safeguards allowed this to happen?
- If it becomes clear that money has indeed been taken, the HASC will then schedule a special meeting, making absolutely sure the individual(s) who took the money is informed of the meeting and given the opportunity to present his or her point of view. At this meeting, there should be a format that allows time for everyone involved to express his or her feelings and concerns. This allows everyone to give his or her input and may allow a "defusing process" to occur. After all sides have been heard, a 10 minute break will take place to allow all present to decide the best course of action.
- If the individual admits to the theft and agrees to pay back the missing funds, a restitution agreement can be developed. Such an agreement will include regular payments at any interval acceptable to all involved, though it is best to not drag out the process unnecessarily. The agreement will specify regular weekly or monthly payments until the full amount is repaid. A report about the situation or the status of the restitution should be made at each HASC meeting until the situation is resolved.
- If the individual does not appear at the special meeting, the HASC will need to ensure that every effort to contact the person has been made. A registered mailed letter will be sent, explaining that an audit of financial records has been performed, that facts show the individual is responsible for missing money, and that repayment is expected. Copies of the letter should be put in a safe for future reference.
- If this procedure does not resolve the problem then it is up to the HASC chairperson to appoint an ad-hoc committee to decide how best to proceed and to present possible solutions to the HASC in motion form.

Who does it?

Public Relations work is accomplished through service committees directly responsible to those they serve. These PR subcommittees provide community awareness of what N.A. is, as well as how, when, and where we are available.

How does it get done?

We get the job done by establishing clear guidelines for our subcommittees, setting goals, prioritizing tasks, adhering to our Twelve Traditions, and a lot of hard work!

ALWAYS Keep in mind our Eleventh Tradition: “Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio and films.”

It is through group conscience that service work is best accomplished and NO INDIVIDUAL EFFORTS should be undertaken. Keep in mind our First Tradition: “Our common welfare should come first; personal recovery depends on N.A. unity.

It is important to avoid stating opinions during presentations or media requests and one should not be “THE” spokesperson for N.A. some media requests may well be beyond the scope of Area PR and should be referred to the appropriate service body. Remember our Tenth Tradition: “Narcotics Anonymous has no opinion on outside issues; hence the N.A. name ought never be drawn into public controversy.”

Any PR undertaking should be looked at for its possible effects upon N.A. as a whole, or any immediate effects upon the Area and/or Region, and only after thorough examination of possible consequences should PR projects be undertaken. Remember our Ninth Tradition: “N.A. as such ought never be organized; but we may create service boards or committees directly responsible to those they serve.”

Decision Making - The decision for determining if a request will be honored, which materials will be used and the choice of trusted servants to attend will be the responsibility of the Public Relations subcommittee as a whole. If a meeting of the subcommittee is not scheduled in time to respond to the request, then the subcommittee leadership will make the decision. Factors such as time frame, available materials, trusted servant availability; any special circumstances or requests and the forum for the presentation will be considered in the decision to honor the request. If the decision is that we not honor the request, then the trusted servant coordinating will inform the requesting contact person of our decision.

Requests for Information from the Media

Who is Responsible - Requests from any media (print, radio, video or the Internet) will be coordinated by the Chairperson or Vice Chairperson of the Public Relations subcommittee. If the Media Task Force Coordinator position on the PR subcommittee is filled, the responsibility for handling the request will be given to the Media Coordinator. Depending on the information gathered trusted servants should be notified by the Chairperson or Vice Chairperson of the Helpline/PR subcommittee as soon as possible. If the nature of the request falls under guidelines of the NA World Services Public Information Contingency Plan, that information will be passed on to the WSO Coordinator. It is always advisable to contact the World Service Office Public Relations Coordinator to discuss any media requests that may result in film crews and/or TV interviews with addicts.

Information to Gather - The trusted servant assigned to responding to the request will establish communications with the requesting contact person and gather information such as:

- Who is making the request? (Name of contact person, contact information, and type of organization.)
- What is the nature of the request? (Interview, general information, response to public event or other circumstance.)
- Is the personal identity of a NA member at stake? (Will a NA member's anonymity be compromised.)
- Are there any special circumstances or requests are being made of us?
- Are there any additional costs involved with the requested presentation? (Beyond normal circumstances.)

Materials and Budget - The trusted servant assigned to responding to the request will determine if funding for materials needed for the event is available. Additional materials may be necessary not normally used such as video and radio public service announcements, or the "Just For Today" video. Any other costs should be evaluated by the Public Relations subcommittee if an out-of-budget request is needed of the Area Service Committee to accomplish the task.

Decision Making - The decision for determining how the request will be responded to will be the responsibility of the Public Relations subcommittee leadership in conjunction with the leadership of the Area Service Committee and any other boards or committees of Narcotics Anonymous in a spirit of cooperation. Factors such as time frame, available materials, trusted servant availability; any special circumstances or requests will be considered in the decision on how to respond to the media inquiry. If the decision is that we not honor the request, then the Public Relations subcommittee leadership will inform the media contact person of the decision.

Requests that may affect other Areas, Regions or NA World Services

- Are any special circumstances or requests being made of us?
- Which service boards and committees need to be notified of the contact?
- Who are the contact persons for these affected service boards and committees?
- Are there any additional costs involved with the requested presentation?

Materials and Budget - The Chairperson or Vice Chairperson of the Public Relations subcommittee assigned to coordinating communications on the request or contact will determine if funding for materials needed for the event is available. It also may be a matter of coordination with other service committee or board expenses. Additional materials may be necessary not

Any other costs should be evaluated by the Public Relations subcommittee leadership if a special request is needed of the Area Service Committee, Regional Service Committee or to NA World Services.
